---

## It's getting Christmassy...

Even if we will not have the Christmas markets, it is still allowed to decorate in your own house or in the streets. Our electrical systems are perfectly suited for this! Whether E14 or E27, with flat cable, in the colors black, white or gold with various plugs and switches and in different lengths.

You are welcome to put together your own electrical system →

You can also send us an e-mail to [info@arditi-gmbh.de](mailto:info@arditi-gmbh.de)!

Did we spark your interest? You can find more electrics as an example →
